## The cocktail look

As this is a cocktail look it is defined with a classic peach blush on and contemporary green eye makeup. Along with this, illuminator is used to accentuate the face. The bride is given a western look with a retro bouffant hairdo and a burnt orange lip shade.

### The Engagement Look

This nude look has been created for the engagement. Care has been taken to give a dewy effect for a pre wedding ceremony with a light pink blush on and nude lipstick. Here the eyes are emphasised with a darker shade of glittery pink and the hair is set up in soft curls with subtle accessories.
